ODP 83-169 9 FEB 1983

MEMOF	RANDUM FOR:	Kenneth Williams, IBM
STAT _{FROM:}	:	Director of Data Processing
SUBJE	ECT:	Early Support for the New Tape Product
REFEF	RENCE:	Ltr for C/ED/ODP/CIA from K.S. Mackenzie, Mgr of Financial Planning, Natl Accts Div, IBM, dtd 6 Jan 83, same Subject.
propo		careful consideration, we have decided to decline your ng to an Early Support Program for your New Tape Product.
the m	s and the un responsibili	e of the critical production nature of our newly installed neertain availability of Agency resources needed to support ities outlined in your proposal, we do not feel that per time to undertake such an effort.
and a curre	rest in this availability ent tape tec	to assure you that this decision in no way lessens our product. We will continue to follow its development with a high degree of expectation. Limitations in thoology has been a growing concern in ODP for a number took forward to technological relief.
STATProdu	4. We wish uct briefing	n to thank your colleague <u>s for a most informative New Tape</u> 3.
